Dear Mr. Chairman and Members:

The Office of the Auditor General presents its report concerning payments received from the federal government for activities on federal lands located in California. The report certifies that \$12.5 million of the monies received for activities on federal land were distributed to various local governments to compensate them for lost property taxes on federal lands. As noted in the report, \$9.5 million came from the U.S. Forest Service.

Respectfully submitted,

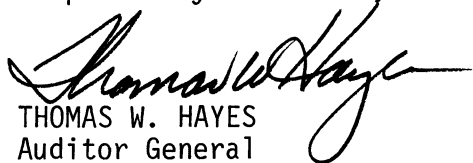

THOMAS W. HAYES
Auditor General

INTRODUCTION

In compliance with Federal Department of the Interior regulations, we have audited the State of California's Statement of Federal Land Payments. We conducted this audit under the authority vested in the Auditor General by Section 10500 et seq. of the California Government Code.

To comply with Public Law 97-258 (Title 31 United States Code, Sections 6901 through 6907), the Governor or the Governor's delegate must submit to the Secretary of the Interior a statement of amounts that the State has received and transferred to each unit of local government within the State under certain federal payment laws. These payments compensate for the property taxes that units of local government would have collected on tax-exempt federal land. The Secretary of the Interior makes the payments based on a statutory formula applicable to federal land that is located within units of local government. The Secretary of the Interior uses the Statement of Federal Land Payments to compute the annual payments to units of local government within whose jurisdiction certain federally owned lands are located.

From October 1, 1982, through September 30, 1983, the State of California received \$55.6 million under federal payment laws. Of this total, the State transferred \$12.5 million to eligible units of local government, transferred \$37.8 million to school districts or county

school service funds, and retained or used for other purposes \$5.3 million. State statutes contain provisions for apportioning and disbursing these monies; the State Controller administers these provisions.

To the Joint Legislative Audit Committee of the California Legislature:

We have examined the State of California's Statement of Federal Land Payments covering the period from October 1, 1982, through September 30, 1983. Federal law requires that the Governor or the Governor's delegate submit this statement to the Bureau of Land Management within the Department of the Interior. We made our examination in accordance with both the standards for audit of governmental organizations, programs, activities, and functions, issued by the Comptroller General of the United States, as they apply to financial and compliance examinations, and the Audit Guide for the Bureau of Land Management Payments in Lieu of Taxes Program prepared by the Office of the Inspector General, U.S. Department of the Interior. Our examination included such tests of the accounting records and such other auditing procedures as we considered necessary under the circumstances.

The Statement of Federal Land Payments was prepared on the basis of cash disbursements made by the State of California to counties of the State for distribution to eligible units of local government under Title 31 United States Code, Section 6901, *et seq.* This basis of reporting federal land payments is prescribed by U.S. Department of the Interior Rules and Regulations (Title 43, Code of Federal Regulations, Section 1881.0-5) and is in accordance with the provisions of the October 16, 1978, decision of the Comptroller General of the United States (B-167553). The Statement of Federal Land Payments is not intended to be presented in conformity with generally accepted accounting principles. This report is intended solely for filing with governmental regulatory agencies and is not intended for any other purpose.

In our opinion, the Statement of Federal Land Payments for the period from October 1, 1982, through September 30, 1983, presents fairly the payments made by the State of California to counties of the State for distribution to qualified units of local government under Title 31 United States Code, Section 6901, et seq., in accordance with the regulatory requirements pertaining to the basis of accounting described in the preceding paragraph, a basis that was applied in a manner consistent with that of the preceding year.

^aCalifornia Government Code Section 29484 apportioned 50 percent of the payments received under this law to school districts within the units of local government. Per the Comptroller General's decision, only the amounts apportioned to the local government (and not the school fund) are reportable under the PILT Act.

^bThe State of California does not receive payments under these laws.

^cPublic Resources Code Sections 2795, 3821, 3822, 3825, and Education Code Sections 12304-7 and 12320 govern the distribution of federal receipts under the BLM Mineral Leasing Act of 2/25/20. Accordingly, of the \$35,829,205 received under this Act during the federal fiscal year 1982-83, \$2,813,835 are considered payments to local governments per P.L. 97-258.

^dThe State of California deposits in its General Fund the payments received under this law. These payments are not considered Section 6903 (Title 31 U.S.C.) payments.
