---

**FINANCIAL AUDIT REPORT  
STATE BICYCLE LICENSE AND  
REGISTRATION FUND  
YEAR ENDED JUNE 30, 1978**

The regulations of the Federal Office of Revenue Sharing require governments receiving revenue sharing funds to have audits of their financial statements not less than once every three years. This audit assists in fulfilling the audit requirements necessary to continue California's eligibility for federal revenue sharing funds.

Our examination was made in accordance with generally accepted auditing standards and included studying and evaluating the Department's system of internal control. This study and evaluation disclosed several conditions which we believe to be weaknesses and were considered in determining the nature, timing, and extent of our audit tests. Presentation of these conditions, however, does not modify our opinion on the financial statements.

## INTRODUCTION

In compliance with Federal Office of Revenue Sharing regulations, we have conducted a financial audit of the State Bicycle License and Registration Fund. This audit was conducted under the authority vested in the Auditor General by Section 10527 of the Government Code and in the Department of Finance by Section 13294 of the Government Code.

Pursuant to Section 39001 of the Motor Vehicle Code, the State Bicycle License and Registration Fund serves as a depository for fees collected from cities and counties which have adopted a bicycle license ordinance or resolution. These fees are not to exceed the costs incurred by the Department of Motor Vehicles in procuring and distributing bicycle licenses and registration forms.

AUDITOR'S OPINION

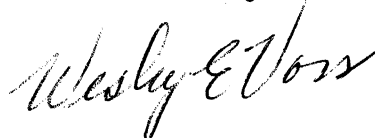

To the Joint Legislative Audit Committee of the California Legislature  
and the Department of Finance:

We have examined the balance sheet of the State Bicycle License and Registration Fund as of June 30, 1978, and the related statements of revenues, expenditures and changes in fund balance for the year then ended. Our examination was made in accordance with generally accepted auditing standards and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

In our opinion, the aforementioned financial statements present fairly the financial position of the State Bicycle License and Registration Fund at June 30, 1978, and the results of its operations and changes in fund balance for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

The column amounts on the accompanying balance sheet and statement of revenues, expenditures and changes in fund balance for the year ended June 30, 1977, which are presented for comparative purposes only, were not audited by us and accordingly we do not express an opinion on them.

STATE BICYCLE LICENSE AND REGISTRATION FUND  
NOTES TO FINANCIAL STATEMENTS  
YEAR ENDED JUNE 30, 1978

1. Summary of Significant Accounting Policies

The preceding financial statements reflect the financial position and results of operations of the State Bicycle License and Registration Fund. The accounts are maintained by the Department of Motor Vehicles.

The accounting policies of the Department of Motor Vehicles, as they relate to the State Bicycle License and Registration Fund, conform to generally accepted accounting principles as contained in the State Administrative Manual.

Income:

Throughout the year, income is accounted on a cash basis. At June 30, the account is adjusted to a modified accrual basis. All earned but uncollected revenues are accrued.

Revenues are deposited initially in the Transportation Tax Fund - Motor Vehicle Account. They are subsequently transferred to the State Bicycle License and Registration Fund. Collections still on deposit in the Transportation Tax Fund - Motor Vehicle Account at June 30 are accrued as revenue to the State Bicycle License and Registration Fund.

Expenditures:

The State Transportation Fund - Motor Vehicle Account provides funds for bicycle licenses and registration forms. The State Bicycle License and Registration Fund then reimburses the State Transportation Fund - Motor Vehicle Account through a plan of financial adjustment.

2. Accounts Payable

Accounts Payable include all costs (incurred by June 30, 1978) -- as yet unreimbursed to the State Transportation Fund - Motor Vehicle Account -- to procure and distribute bicycle licenses and registration forms.

## AUDIT ADJUSTMENTS

The aforementioned financial statements contain adjustments to the following accounts:

- Due from the Transportation Tax Fund - Motor Vehicle Account
- Revenue
- Expenditures.

The adjustments were necessary to correct the Department's accrual entries. The Department concurred with the suggested journal entries and accordingly adjusted the financial records to reflect those adjustments.

Subject: Joint Revenue Sharing Task Force - Draft Audit Report

In response to your draft audit report for the State Bicycle License and Registration Fund, we have recorded the audit adjusting entries in the proper journals and ledgers.

The plan of financial adjustment between the Motor Vehicles Account in the State Transportation Fund and the State Bicycle License and Registration Fund will reflect a transfer for Fiscal Year 1977-78 of an amount equal to the Department of Motor Vehicles' reported expenditures including the audit adjusting entries.

We concur with your presentation of findings for the State Bicycle License and Registration Fund.
